

Why Customers Choose RFOptic (and you should too!)

1

We offer

RFoF high frequency,
RFoF low frequency,
Optical Delay Lines (ODL),
and OEM cards
for bulk
production
to meet
your needs.

We have...

RFoF high
frequency

RFoF low
frequency

OEM

ODL

2

So
Easy...

As easy as 1-2-3!

Our RFoF and
ODL solutions
are plug & play,
delivering high
performance
products at
affordable
prices.

Plug

and

Play

3

Don't know how to start?

Use our online (and free!)
Link Gain Calculator to
calculate the link gain
and the optical predicted
parameters for our
programmable RFoF family.

calculator

4

Save
Money

Time is money,

so we believe in short delivery
lead times, and pride ourselves
on our excellent customer
service with rapid
response time.

5

Our software
helps our customers
to control the
modules. Just power
up and connect your
computer or tablet
using a standard
USB to interface
with our software!
